Engineering College, Salem,Tamilnadu (2019- 2024)

Higher Secondary Education Govt Model School,
Konganapuram,Salem ,Tamilnadu(2018-2019)

WORK EXPERIENCE

Strategic Digital Media – Web Application | Jan -2026

- Developed a responsive digital media website using React.js. Implemented navigation with React Router, managed component state using React Hooks, and designed the user interface with CSS. It is component-based architecture and provides smooth client-side routing for a better user experience.

Personal Responsive Portfolio | Feb-2026

- Built a responsive personal portfolio using ReactJS, Bootstrap, and CSS to showcase my projects, technical skills, and contact information. The website is optimized for both mobile and desktop screens.

Static Website for Fundraising to Charities | November -December 2024

- Used HTML5 for structure, CSS3 for responsive UI design, and integrated images to enhance user engagement.
- Focused on providing a seamless, mobile-friendly experience Android optimizing for accessibility

Simple Responsive E-Commerce Website | July-August 2023

- Developed with HTML, CSS, JavaScript, and Bootstrap 5 to ensure mobile responsiveness and a clean user interface.
